

Discussion Notes for Fire Capital Equipment Committee

12-11-18

Present: John Bunce, Bob Lenox, Barbara Roland and Jason Walters.

We discussed Fire Department warrant article regarding Tanker. We (3 voting members present at the meeting) unanimously agreed to support the warrant article from the Fire Department to purchase a Tanker Truck, not to exceed \$220,000.00 Bob is forwarding the updated quote and contact information to Jason.

The committee wanted to submit a warrant article to reduce the number of members on the committee so that the committee can have a quorum and hold official meetings. John was going to speak to Eddie about wording. Our thought would be wording similar to this...

To see if the town will vote to change the Fire Capital Equipment Committee from a six member elected committee to a three member elected committee with one, two and three year staggered terms.

Barbara Roland, secretary
