

Minutes of the Meeting of the Nelson Sustainability Group, 6/4/16

Present: Michael Iselin, Maury Collins, Dave Upton

No meeting was held due to the lack of a quorum being present.

Nonetheless, Dave presented the on-line movie, "Do The Math" by Bill Mc Kibben and began a discussion of a household carbon emissions survey to help educate the Nelson community on their contribution to atmospheric carbon dioxide pollution.

Michael and Dave asked Kris Finnegan if they could continue the discussion of the use of a household carbon footprint calculator in the Library at 11 am on 6/25. Kris agreed to make the Library available at that time for that purpose.

Respectfully submitted,

Dave Upton
