

Minutes of the Meeting of the Nelson Sustainability Group, 7/2/16

Present: Michael Iselin, Wally Francis, Gary Robinson, Dave Upton

No meeting was held due to the lack of a quorum being present.

Wally, Gary and Dave compared the results that they obtained by entering their own household energy use data into the Carbon Globe Carbon, EPA, and UC Berkeley carbon footprint calculators. All agreed that the UC Berkeley calculator was the most comprehensive and informative.

The group agreed to meet again on July 21 at 7 pm in the Town Office to discuss how best to introduce the use of the UC Berkeley calculator to the community.

Respectfully submitted,

Dave Upton
