

Nelson Share the Roads  
5/24/18

Present: M Jarvela, D Dellagrecia, R Pratt, G Robinson, M Cornog

No quorum, so no votes taken. Discussion on:

1. If we get speed-reading radar with camera, there's no need to have sign alerting motorists to that capability—and having camera would allow notification of speeders. There is still divided opinion on which kind/which model to get. More research and clarification needed.
2. At next meeting we will make a list of specific spots where radar monitor would be used
3. Idea of using banners above roads to alert drivers to speed/road use issues did not generate interest
4. Idea of table at Old Home Day moved forward. We will check with Ted's (Gary), organizer of Anne Bunce run (Mare-)Brain Injury of NH organization (Mary) and others for info on and samples of ideas and items to enhance safety of walkers, bikers, and others using roads. Mary will talk to Kathy Blandschun about having table.

After tales of geese and otters, meeting disbanded @ 8:15

NEXT MEETING: JUNE 5, 7:00, LLL TO MAKE PLANS FOR SUMMER—PLEASE BE THERE!!

Respectfully submitted,

Mary Cornog, Chair
