

Minutes of the Meeting of the Nelson Sustainability Group, 6/11/15

Present: Barabra Fraser, Barbara Voymas, Maury Collins, Dave Upton.

David called the meeting to order at 6 pm.

After review, the motion by Barbara Voymas, seconded by Maury Collins, to accept the Minutes of the Meeting of 5/28/15 as presented was approved can unanimous consensus.

Final details on preparations for David Voymas' presentation on June 18 ensued. David Upton gave Barbara Voymas 50 copies of the handouts for David Voymas and 50 pencils for the use of the audience. The members present agreed to meet at the Town Hall at 6:30 pm on 6/18 to setup chairs. David Upton reported that the Town does have an easel, but concern arose that it might not be strong enough to support the white board that David Voymas intends to use. David Upton will ask Max Nunnemaker if either he or Lisa Sieverts has an easel that we may use.

The group discussed contributing refreshments. Some will bake and Maury agreed to provide apple cider.

A general discussion followed related to food preservation using fermentation. This is an interesting subject that warrants future discussion and could well serve as a topic for future public presentation(s). Maury suggested that topics may develop as a result of David Voymas' presentation. David suggested that we should consider following the processes described in the "Transition Handbook".

The next meeting of the Nelson Sustainability Group is scheduled for July 2 at 7 pm in the Meeting Room.

The meeting adjourned at 6:45 pm.

Respectfully submitted,

Dave Upton
