

Nelson Agriculture Commission Minutes, October 2, 2019

Members present: Val Van Meier, Sam Romano, Pat Rich, John Bunce

1. Meeting called to order at 7:01
2. Action items included Steve Roberge talk moved to March. Sue Benik still not nailed down. Little comment on what committee can do to further agriculture in Nelson.
3. Positive Farmer's market discussion. Vendors pleased, Linda's closet added many people. Like to have an earlier date but important to work with the Parent-Teachers timing.
4. Val made it clear we need a task list for next Farmer's Market. Divvy up tasks among more of the members. Also need better parking signs and possible better use of Facebook promotion.
5. Committee pleased the school received \$110 dollars from the proceeds of the event.
6. Old business included the need to harvest seeds from Colonial Garden when frosted. Val can do Vermiculture talk in April/May if necessary. Robin Sweetser will not be available for Propagation/Rooting plants. Possible someone from extension is available.
7. Meeting adjourned at 7:38. Minutes submitted by John Bunce
