

Mike Blaudschun opened the Selectmen meeting at 7:00 pm. Seconded by Margaret Schillemat. Motion carried.

- 1) First order of business was to sign all paperwork, including the minutes of the last selectmen's meeting, and any other paper work that needed signatures. There were three Intent to Cut Timber notices. Two for Guida's property and one for Mr. W. Rohr. All reading was done and any discussion needed was spoken about.
- 2) Mr. Max Nunnemaker came to discuss the position of Building Sexton with the selectmen. He will let them know of his decisions by next week. Mr. Nunnemaker's biggest problem is that he has no riding mower to the lawns at this time.
- 3) Dennis Dellagrecca came to talk about the Geddes property and to speak to the selectmen about their decision of the Conservation easement. The selectmen listened and agreed to think this over.
- 4) The Selectmen will be walking all of the Government buildings as a board in the near future. The Selectmen did housekeeping projects

Mike adjourned the meeting at 9:20pm. Seconded by Samuel Bouchie. Motion carried.
