

- 1) All Correspondence was read and signed when necessary. Mike accepted the selectmen minutes from last week's meeting, seconded by Margaret Schillemat. Minutes were accepted and signed.
- 2) John and Anne Cucchi came to discuss different subjects about Zoning Ordinances, Building Permits, Enforcements of some RSA's, some decisions that were brought forth, appeals of decisions and that an appeal of a decision stops construction on a project. They feel that Gary Kinyon is the Town Attorney and therefore, the ZBA should have their own attorney as they are a board of appeal. They still have issues on the road in front of their house and how they are treated by some of the people in town .

They would like the selectmen to 1) Look into the fact the work did not stop when a variance was brought against AN Trust. 2) Their property at the Mill site should have been a buildable lot as it was grandfathered at the time. 3) The merging of the 2 lots at PB's property and that no written decision was forthcoming on that decision to merge the two properties.

There were many issues discussed and the selectmen will be looking into all of the issues and getting back to the Cucchi's soon.

- 3) Al Struthers will be showing Owen Iselin some of the cemetery duties this summer so that he can do some of the chores necessary to keep the cemeteries in good order.
- 4) At 8:45 Mike called for a executive session seconded by Warren. Motion passed.
- 5) At 9:07 the executive session adjourned.
- 6) Joan will be making calls on some of the questions brought up before the board tonight.
- 7) At 9:15pm Mike called for the adjournment of the selectmen meeting seconded by Margaret , selectmen's meeting adjourned.
